Unfortunate Suitor, by Jeremy Shafer . . . . .	pages 17-20
Monolithic Rubblestone Boulder, by Jeremy Shafer . . . . .	page 21
Newsletter Highlights Index . . . . .	back cover

## Message from the Editor:

Summertime, and the folding is crazy! This summer came without warning, and suddenly I now only have a week before camp starts to get everything done. Otherwise stated, I've been putting to use the fine procrastination skills I learned in college. As a result, I'm now nicely swamped, and feeling more than a little bit almost deranged. But rather than hold it all to myself, I want to share the thrill of it with all of you; hence I'm devoting this whole newsletter to the almost deranged. But before we go almost deranged, here are a few important almost fully sane notes:

- The OrigamiUSA convention is just around the corner, not literally for me, but I'll be there and look forward to seeing many of you there as well.
- The Pacific Coast Origami Conference is also well on its way. The forms will go out to all of you in August. Hope to see you ALL there (if there's room)!
- As usual I'll be working at Camp Winnarainbow all summer (except for the convention), and won't be handling any BARF paper work until I get back late August.
