Two Love

By Stephen Weiss
inspired by Kaela's
one love.

Kaela's One Love times two makes Two Love. You might even be able to fool people into thinking that there are two dollars here, and if they catch you, you can simply say, "Well, what I meant, is it's worth two dollars. I mean, it's actually worth ten dollars, but I'm giving you a special deal!"

1

Begin with a Dollar face up. Valley-fold in half but only pinch at the sides.

2

Valley-fold to the pinch marks made in step 1. The valley fold does not need to extend across the dollar.

3

Valley-fold the corners to the creases made in step 2. The folds hit the half marks on the side.

4

Valley-fold edge-to-crease.

5

Mountain-fold the model in half.

6

Valley-fold.

7

8

9

Valley-fold through the intersection of the existing creases.
