

# The Martian Bouncing Spider

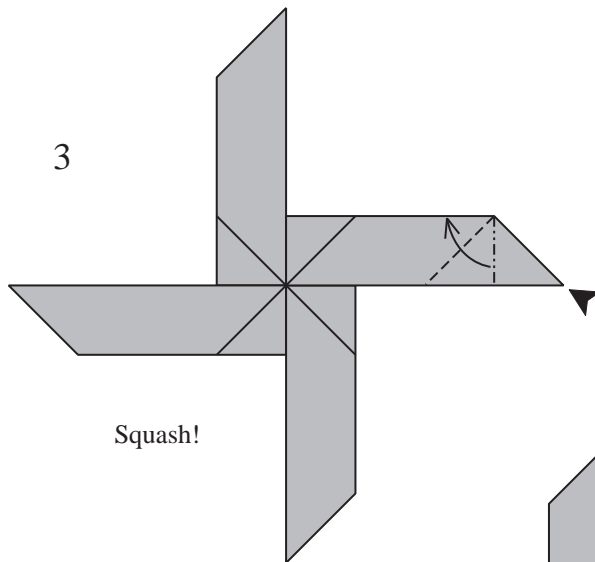

By Perry Bailey ©1997

Begin with step 13 of the Musical Notes.  
Flatten the model rotationally.

Turn over.

Squash!

...The Martian Bouncing Spider is all done, and all set ready to go on a jumpin' jubilee!

Odd note here: If you feel the need to improve your spider's bounce, do some careful wetfolding at the end, or use glue {editor says NO!} if you want to hold the square part of his body together, or just use stiff paper like I do and it should work just fine! --Perry
